Subject: RipOffReport

Hi Chris et al,

I am writing to ascertain whether any news exists as to RipOffReport and the Court Hearing re jurisdiction in the Federated Financial Services vs. RipOffReport case. Please let me know as soon as a decision is received.

Also, we have the interest of the FBI Cyber Crime Unit with regard to RipOffReport and their tactics. Accordingly, the Special Agent conducting the preliminary investigation needs a minimum of ten [10] witnesses who can attest to [in our opinion] the extortion like tactics of RipOffReport. Hence, if your clients are interested in giving a statement to the Special Agent handling this matter, please contact me immediately. Also, any other witnesses that you know of would be most appreciated. However, in order to protect the evidence against RipOffReport, the FBI has requested that no one publicize the fact that the FBI is conducting a preliminary investigation into this matter. Essentially, if Ed is spooked, he may destroy essential evidence and/or flee the country.

Thanks in advance for your cooperation and professional courtesy.

Very Truly,
Kevin B. Jones, Esq.
